# Pool Complex Information for Lodge Members (2015)

## **General Information:**

- All guests of Lodge members including family members with pool seasonal use passes who visit the Pool Complex during the hours of Monday-Friday 12 p.m. – 6 p.m. and Saturday-Sunday 12 p.m.- 7 p.m. shall check in with the attendant on duty at the Snack Shack and, if applicable, pay day use fees.
- Each patron, including members during guest hours, will be given a wristband for each day's visit. Wristband must be worn by members and guests until they leave the pool complex. Members are responsible for their guests. If a guest exhibits inappropriate or unsafe behavior, that guest will be asked to leave the pool complex without a refund of their day use fees.
- Entry to the pool complex is strictly through the West Gate following the path along the Lodge office and down the steps. There is NO ENTRY through the Lodge House complex or the 19<sup>th</sup> Hole.
- The Pool Complex is defined as the entire area within the fence, including lawn and BBQ patio off the 19<sup>th</sup> Hole, and the patio outside the Emerald Room. Please try not to use the raised patio off the Emerald Room during your visit to the pool if a private party has rented that space out for a function.
- It is the member's responsibility to provide proof of active membership & status in good standing if requested by Lodge Staff or Pool Committee.

## **Safety:**

- Members will refer their guests and family members who hold seasonal pool passes to the Pool Rules for Safety and Sanitation. Members will honor these rules along with their guests and family seasonal pool pass holders.
- Children are not to be dropped off at the Lodge swimming pool without supervision for any reason. If a member or member's spouse/partner is found to have left a child(ren) at the pool complex without the appropriate supervision, they will be referred to the House Committee.
- Although members are permitted to swim during times that lifeguards are not present, we discourage members from swimming alone. Please arrange to swim with a buddy. Further, if you have had seizures or have been diagnosed with heart or circulatory disorders, you are advised that swimming alone is extremely dangerous.
- Lodge #1991 assumes no risk for those members who choose to swim alone.

## **Pool Use Fees:**

- Members are responsible for ensuring that their guests pay their day use fees or that they have purchased seasonal pool passes for their qualifying family members. Refer to Pool Complex Fees for full details.

## **Pool Use Information for Members:**

- As a privilege of membership, the pool is available for use to active members of Lodge 1991 throughout the year. During the summer season guest hours will be Monday-Friday 12 p.m. – 6 p.m. and Saturday-Sunday 12 p.m. – 7 p.m.
- Members, along with guests, may be asked to vacate the pool if pool maintenance needs to be performed, a sanitation issue has arisen, and/or if the pool is in need of chemical treatments. Please note all patrons, including Lodge members, will be asked to vacate the pool daily at the end of the last general swim to allow staff to check the pool, apply treatments if needed, and perform maintenance. If the pool requires chemical treatments such as shocking at that time, the pool will be closed for the day. If the pool does not require chemical treatment, member patrons may re-enter the pool after all maintenance is completed, usually within 30 minutes.

## **Working with Our Staff:**

- Lifeguards are hired to ensure that the Pool Rules for Safety and Sanitation are enforced. They are present to help ensure that members and their guests are provided a safe and enjoyable visit to the swimming pool complex. They are asked to enforce rules that are common to swimming pools where lifeguards are present.
- Members and their guests are expected to treat the lifeguards with courtesy and to respect their requests in regards to the enforcement of all Safety and Sanitation Rules. ANY PERSON within the pool complex may be asked to leave by hired pool staff/lifeguards, Lodge Staff, or Pool Committee Members at ANY TIME for violating Pool Safety and Sanitation Rules or for unsuitable, unsafe, erratic, or belligerent behavior. If a breach of safety or sanitation occurs while a member is present, please communicate with the lifeguard staff immediately regarding this concern, but do so in a constructive manner.
- Members should also address in a polite and constructive way the following behaviors immediately which are NOT allowed by staff - cell phone usage by staff while on duty, lifeguards neglecting their duties such as chatting with pool patrons or other staff & any other behavior that is distracting the lifeguards from their supervision of the pool.

## **Pool Closures:**

- If the pool must be closed for the purpose of shocking due to a fecal accident or other sanitation concern, all patrons must exit the pool immediately. If the closure will be for a prolonged period, the swimming pool complex may be closed and non-member patrons asked to vacate the pool complex. No refunds of day use fees will be issued in instances of pool closure for sanitation reasons.

## **Other:**

- The Lodge assumes no responsibility for personal items brought to the pool complex.
- Alcoholic beverages must be purchased from the 19<sup>th</sup> Hole or Golf Shop. Absolutely no outside alcohol is to be brought into the facility. Members who violate this policy will be referred to the House Committee.
- If purchasing alcohol at the Lodge, while visiting the swimming pool, please consume in moderation. Any member or member's guest who is visibly intoxicated will be asked to leave the swimming pool complex for their own safety and the safety of the other patrons.
